THE RESURRECTION OF OUR LORD.

Third Thousand. Cheaper Edition, Price 6s.

MACMILLAN AND CO.

OPINIONS OF THE PRESS.

Professor Flint, D.D.

*Note in Sermon preached before the Lord High Commissioner
at Edinburgh, May 1881.*

"Since this Discourse was delivered, the Croall Lecture of Professor Milligan—*The Resurrection of our Lord*—has come into my hands. It seems to me to be a most valuable addition to the literature of our Scottish theology; just the book which was needed on the great theme of which it treats."

The Rev. Canon Liddon, D.D., D.C.L.

Preface to Second Edition of "A Father in Christ," p. xli.

"No Churchman can read Dr. Dale's book on the Atonement or his Commentary on the Ephesians, or Dr. Milligan's work on the Resurrection of our Lord, without feelings of warm admiration and thankfulness to Almighty God for such solid contributions to the cause of true religion."

Spectator.

"The argument is put with brevity and force by Dr. Milligan, and every page of it bears witness that he has mastered the literature of the subject, and has made a special study of the more recent discussions on this aspect of the question. . . . The remaining lectures are more theological. They abound in striking views, in fresh and vigorous exegesis, and manifest a keen apprehension of the bearing of the fact of the Resurrection on many important questions of theology. The notes are able and scholarly, and elucidate the teaching of the text. . . . Dr. Milligan has written on the subject which he has made his own, and these Lectures are the outcome of years of study on the part of an able and scholarly man."

Scotsman.

"It is written in pure and graceful English. It shows wide and accurate scholarship, extensive acquaintance with theological literature in general, and careful study of everything important that has been written on the particular question treated of. Dr. Milligan states concisely, but clearly, the main evidence for the Resurrection. He examines acutely, but calmly and candidly, the objections that have been urged against that evidence; and in the second half of his book he discusses at considerable length, and in a very forcible and interesting way, the bearing of the Resurrection on Christian thought and life."

The English Churchman and Clerical Review.

"It is with very considerable satisfaction we welcome the singularly able and well-reasoned volume before us, in which Professor Milligan discusses from every conceivable standpoint the great and vital doctrine of the Resurrection of our Blessed Lord. . . . We have only to add that the volume is concluded with a series of notes of the highest critical and exegetical value; and the work is further enhanced by the

OPINIONS OF THE PRESS

clearness, force, and simplicity of the style of the Author, who was a member of the Revised New Testament Company."

The Church Times.

"This volume, a solid contribution to apologetic and doctrinal theology, consists of six Lectures with an appendix of critical notes, and is in some respects akin to Professor Westcott's *Gospel of the Resurrection* in its mode of presenting and handling its topics. But this likeness is confined for the most part to the Lectures on the external evidence for the fact of the Resurrection, and on its relation to the Christian Church; and for the remainder Professor Milligan has followed a line of his own. . . . Lecture IV., on the bearing of the Resurrection upon the person and work of Christ, opens that which is the really distinctive part of Dr. Milligan's work. Hitherto he has been merely doing what several other apologetists have done before him, though doing it very well; but now he comes forward to press the importance of certain great Christian truths and doctrines which have been long and completely thrust out of sight in Presbyterian theology, leaving it, as a dogmatic system, markedly imperfect in one special direction. And it is the definitely Catholic tendency of what he has got to say which makes his words most noteworthy."

Church Quarterly Review.

"We most thankfully welcome these lucid and vigorous Lectures by Professor Milligan. Not only have we learned much from them on the subject of which they profess to treat, but we see in them an almost startling promise for the future of the Presbyterian Church of Scotland. It is a hopeful sign, indeed, when a Scotch Divinity Professor, publicly lecturing on the Croall foundation to a general audience of Scotchmen, can boldly assert such truths as we find here stated, and reinforce his assertions in print by the help of such fearless notes. . . . We would gladly have extended our notice of this remarkable volume. We cordially hope that it may prove a real aid in promoting that reunion of the Church upon which the Author insists with such earnestness, as indispensable to a belief in the Resurrection of our Lord."

The Churchman (American Paper).

"We wish to say here, at the outset, that this volume is, on the whole, the best and the most satisfactory treatise on the nature and meaning of Christ's Resurrection that we have ever seen. The Author shows a most thorough acquaintance with the deeper teachings of Scripture on this subject. . . . We have quoted enough to show that the Author has given to the world a remarkable book. Though it is not in every respect perfect, it comes very near to being entirely satisfactory. It certainly deserves to be read and studied by every Christian. The Author may have failed to carry out the New Testament doctrine of the Resurrection in all its possible directions and in every detail, but he has given the root of the whole matter, and that is saying a great deal. We hope that this book will become a standard of Presbyterian belief, not only in Scotland, but throughout the world. So far as it goes its logic is unanswerable."

LECTURES ON THE APOCALYPSE.

OPINIONS OF THE PRESS.

Dr. Dodds in the *Expositor* for July 1886.

“Whatever satisfaction there may be in setting a book of Scripture permanently higher in the regard of the Church, in disclosing its hidden magnificence, in making its inspiration palpable, and in bringing its ores to the surface for the common good, has been fairly earned by Professor Milligan. . . . All that is urged by Professor Milligan is presented with such sobriety of mind and reasonableness, is backed by arguments so convincing, and by scholarship so thorough, and brings to the mind so much of the sudden enlightenment and conviction which wait upon truth, that there can be no question his book deserves, and will receive, respectful consideration, and will permanently influence the Church’s attitude towards the Apocalypse.”

Scotsman.

“This volume is one of the most valuable of the series of Baird Lectures. Dr. Milligan has selected a subject with which he is peculiarly qualified to deal. He has long been known to have devoted special study to the writings of St. John. Many articles of his on points connected with these writings have appeared in the *Contemporary Review*, the *Expositor*, and other magazines. . . . He possesses, moreover, a sound common sense, a sober and judicious reasonableness in which very learned critics, especially among the Germans, are sometimes strikingly deficient, and which is so indispensable to a satisfactory exegesis of an obscure book like the Apocalypse. And he is commendably free from controversial bias.”

The Scottish News.

“Professor Milligan has performed a difficult task in a most thoroughly able, scholarly, and yet an admirably popular manner. The Revelation of St. John is undoubtedly one of the most difficult of all the books of Holy Scripture to understand, and the task of the expositor is not lightened to any great extent by the labours of those who have gone before him. . . . Taking this book as a whole, it will not only enhance Dr. Milligan’s reputation as a scholar, but it will also add to the laurels which he and other Scottish theologians have already gained in England and over the world as earnest students and able expositors of Holy Scripture.”

Pall Mall Gazette.

“It would take us very much beyond our province to discuss this book at length. We may briefly express our admiration of the learning, the acuteness, and, above all, the sobriety of judgment which have been brought to bear on its composition.”

OPINIONS OF THE PRESS

The Literary World.

"It is impossible to speak too highly of Dr. Milligan's treatise. In spiritual tone, force of reasoning, depth of insight, and literary grace, it holds a unique place in the literature of the obscure question with which it deals. Dr. Milligan's aim is to rescue the Apocalypse from the grasp of fanaticism and rationalism, and to reclaim it for practical uses. His method is the dismissal of all prejudice, and the frank application of historical criticism. . . . The value of this treatise is greatly increased by the critical and exegetical notes which form the Appendix. They are most scholarly and convincing; it is perhaps impossible to give them higher praise than to state that they recall to us the familiar tone of Dr. Lightfoot, that brilliant master of critical exposition."

The Church Times.

"Those who have studied Professor Milligan's thoughtful work on the Resurrection will be glad to receive another Biblical volume from his pen, and will not be disappointed with the contents of his treatise on the Apocalypse. The volume consists of six lectures and four Appendices, and by no means confines itself to repeating what has been already said by other writers, nor even to reproducing Professor Milligan's own Commentary on the Revelation. It contains fresh matter, at any rate fresh views of difficult problems, stated in a scholarly and reverent fashion, which must command the respect even of those who decline to accept his conclusions. . . . Thus ends this able and valuable book, which will place Dr. Milligan even higher in the estimation of theological scholars than he stood previously."

Oxford University Herald.

"Here we have one of the most recent attempts—by a writer who has won a high reputation by his work on the Resurrection—at the interpretation of this most difficult portion of Holy Scripture. Many are the writers the study of the Apocalypse has attracted, and we doubt if any in our day has been more successful than Professor Milligan. . . . In these great outlines we are quite at one with him. And we are disposed to think that this work of his will go far to render the outlines of interpretation which are sketched out above very widely accepted."

The Oxford Review.

"It must be confessed that, though the writer's opinions on many points are open to adverse criticism, he has certainly succeeded in laying his views before his readers with clearness and moderation. He shows undoubted originality of thought, and, better still, deep feeling and an enthusiasm for the subject."

Perthshire Advertiser.

"The criticism of these pages (on the relation of the Fourth Gospel to the Apocalypse) is of a very high order, and is a good specimen of

OPINIONS OF THE PRESS

that historical method which has asserted its hold so strongly on the best British criticism of the Bible during the last quarter of a century. They close a work which is a real addition to the literature of the subject, and which will, we are confident, introduce many readers to a far higher aspect of it than is unfortunately current at the present day."

Dundee Advertiser:

"Professor Milligan's Lectures on the Revelation of St. John form one of the most valuable helps to the study of this difficult book that have appeared for a long time."

Nonconformist.

"All who know anything of Dr. Milligan as a Biblical critic and expositor will expect to find in this volume sound scholarship, lucidity of thought and style, and reverent, though not unreasoning, loyalty to the Scriptures, and they will not be disappointed. . . . Whether, on reflection, the reader is able to accept the Professor's deliverances on this and other disputed points, such as the date of the Apocalypse, or not, he cannot but feel that Dr. Milligan's volume is a very important contribution to the literature of this subject. In four most excellent Appendices the authorship, the date, the unity, and the relation of the book to the Fourth Gospel are discussed with great candour and skill."

Presbyterian Journal, Philadelphia.

"We have read Professor Milligan's book with peculiar interest and delight. In judgment the volume is as balanced as, in style, it is clear and flowing. . . . We would advise not only ministers but thoughtful Sabbath-school teachers in connection with their studies in John's writings to give the volume a careful reading."

The Presbyterian (Sydney Paper).

"Dr. Milligan's object has been to redeem this portion of the sacred record from the neglect to which it had been so largely consigned, to unfold its hidden magnificence and exhibit its practical value. He has endeavoured to show what a rich mine it is of precious ore; that it is, in short, one of the most sublime, instructive, and comforting portions of the sacred volume, deserving of a higher position in the Church's regard, and more prominent place in the ministrations of the sanctuary, than it has been wont to occupy. . . . Dr. Milligan has conferred a great obligation on the Christian world by this valuable contribution to Apocalyptic literature, an obligation which has already in many quarters been cordially acknowledged."
